On a motion by Alderman Summers, seconded by Alderman Merchant, the Board unanimously tabled a request to accept approximately 890 feet of McCain Drive, north of Route 40 West, until the next meeting.

On a motion by Alderman Merchant, seconded by Alderman Bartgis, the Board unanimously approved an amendment to the agreement with Greenhorne & O'Mara concerning design of the new wastewater treatment plant. The amendment provides for additional engineering services related to the evaluation, design memorandum supplement, facility plan supplement and design of an innovative/alternative technology option, referred to as the aeration/clarification basins for secondary treatment of wastewater at the Plant. The additional contract cost is \$71,088.90, of which the City will pay 3-3/4 percent or \$7,701. The new contract total is \$670,000. Mr. Parks said the design is to be completed by October 1, 1983. The City, the Maryland Department of Health and Mental Hygiene, and the U. S. Environmental Protection Agency will review the designs, and construction should begin by spring.

On a motion by Alderman Merchant, seconded by Alderman Phillips, the Board approved in concept a request from Larry Fidel for permission to erect a fence over a City utility easement, provided the owner agrees to remove the fence at no cost to the City, if requested, and provided any damage to utilities caused by erection of the fence would be repaired promptly at the sole expense of the property owner. Mr. Roberts will prepare the necessary documents and record them, following approval by the Board.

On a motion by Alderman Merchant, seconded by Alderman Summers, the Board unanimously approved a contract with Southey T. Nottingham, Jr., to act as project engineer during construction of the Court Street Parking Garage, provided either party has the right to terminate.

On a motion by Alderman Phillips, seconded by Alderman Bartgis, the Board unanimously accepted the recommendation of the Parks, Streets, and Sanitation Committee and named the alley running from Carrollton Drive to South Market Street "Fox's Alley".

The Mayor said he had received a request from the Salvation Army to use the Seeger Building and another from the Frederick County Landmarks Foundation, Inc., to use the middle Gordon property on South Market Street as a temporary storefront. On a motion by Alderman Summers, seconded by Alderman Merchant, the Board unanimously approved both requests, provided the organizations pay all utilities, insurance and other costs incurred by their occupancy. The Mayor asked the City Attorney to draw the appropriate documents for approval by the Board.
